

## Astoria, Oregon

John Jacob Astor's crew established a fur-trading outpost at the mouth of the Columbia in 1811. Named "Astoria," it became the first permanent U.S. settlement west of the Rocky Mountains. Today U.S. Route 30 runs right through the Historic Downtown and U.S. Route 101 uses the Astoria-Megler Bridge to connect Oregon and Washington.

Astoria is a vibrant, authentic and historic town of approximately 10,000 people. Homes stack up the hills in "San Francisco style" with awesome bay and river views. Astoria reinvented itself as a tourist destination and draws people from many parts of the world.

### Astoria's Downtown Historic District Association

ADHDA is a non-profit organization established in 1985 as a result of work done by the Oregon Downtown Development Association (ODDA). The downtown district consists of 36 blocks: from 8th Street east to 16th Street and from Exchange Street north to the River.

ADHDA encourages community involvement and investment in preserving the character of historic downtown Astoria while promoting its health and future.
